Personalized Care Plans

Each participant receives an individualized Plan of Care, developed by the Circle Center team, caregiver, and participant. Care Plans are regularly adjusted to meet participant's changing needs.

Activities

Our recreational therapists vary group activities day-to-day and share a month-long program schedule with all participants and caregivers. Included in each day are opportunities for one-on-one activities and rest, as well. Guest speakers, corporate and individual volunteers also provide opportunities for enhanced programming.

Circle Center staff encourage participants to choose from many daily programs, consistent with their care plan, and to make suggestions of other activities they would enjoy.

About Us

Circle Center Adult Day Services is a 46-year-old nonprofit dedicated to the well-being of aging adults and their caregivers.

Centrally located near Willow Lawn, Circle Center provides a compassionate, enriching, and safe place for older adults, including those with cognitive disabilities, to stay active, learn new things, and enjoy life. Circle Center provides an affordable long term care option, helping folks live at home longer while providing peace of mind, respite, and support to caregivers.

“Thanks to Circle Center, Mom is no longer agitated and stuck at home and enjoys a routine of engaging activities every day.”

– Allie

“My grandmother has found community again and I can continue to work.”

– Leah

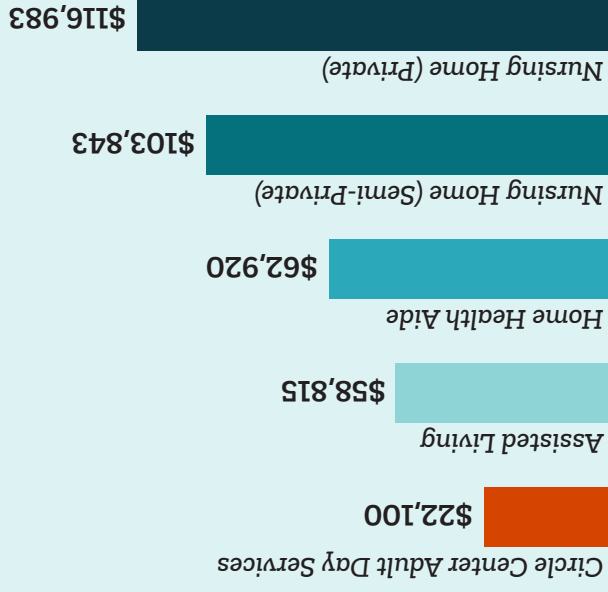

About Adult Day

Adult day services, like Circle Center, offer an affordable, high quality long-term care option. The benefits of adult day services include:

- Allows aging adult to live at home longer
- Prevents social isolation and inactivity
- Creates opportunities for respite for caregivers
- Can complement in-home care services
- More affordable than in-home care and senior living communities

Why Circle Center

Designed for adult day services, our state-of-the-art building offers 20,000 square feet of bright, safe indoor and outdoor spaces for large activities, one-on-one conversations, and rest.

Every day, through group conversations and sharing what they know, our participants help add dimension to program content. Circle Center Adult Day Services is nearly one-third the cost of in-home care and significantly less expensive than senior living communities.

Our programs are curated to support each participant's physical, cognitive, psychological, and spiritual abilities. Activities also include Montessori-based programming for participants with late-stage dementia.

98% of our participants have dementia, Alzheimer's, or other cognitive impairments
