A little about us

Circle Center is a nonprofit dedicated to the well-being of older adults. At Circle Center, our participants enjoy social activities, exercises, art, reminiscing, and so much more.

Our multi-disciplinary team of nurses, recreational therapists, and social workers are truly inspiring—as are the older adults we serve and the volunteers that invest their time in Circle Center's mission.

"The reward is tremendous in terms of my friendships with participants and staff and knowing that I'm supporting a very valuable community service."

Eric, volunteer
